Congratulations to the new Mr. and Mrs. Smith! Megan and Joe were married at Bear Creek Golf Club on June 2, 2018. This was the first ceremony held with our new and improved trellis! The flowers and tulle were a beautiful addition! We wish the newlyweds nothing but love and happiness.

Golf Groups Pairing up on the Tee When you arrive at the course with less than four golfers and it's busy, we are often asked to pair up with other players to share the tee time and ride in carts to make a foursome. This is usually done in season, on the weekends, and holidays at Bear Creek when it's busy. This is quite normal in the golf industry and has quite a few benefits to the golfers and to the course. It is a great way to meet new people and keep your green fee and cart fee rates as low as possible. It also reduces the number of carts in a group and total number of groups on the course allowing for less congestion and a potentially faster pace of play. Also, when you pair up to make a threesome or foursome your pace will be more enjoyable than if you're a single or a twosome waiting on foursomes. Singles and twosomes quite often play by themselves in the off season or in season during the week or weekends and holidays in the afternoon or evenings. Pick your tee time based on your availability and choose slow times or busy times depending on what your plans are for that day.

Always go to bearcreekgolf.com to book your tee time for the lowest rates available. And remember, you can do this on your phone so it's super easy!
